Memo:

Fees are covered only long-term care insurance (otherwise, private pay). Since this facility has recently bought by Atria Senior Living Group, the facility name will be changed within 6 months (no service change). One of the health required condition is being able to walk 100 ft. with cane or some assistant. However, residents can continue to live here even if this condition deteriorated later. Every resident has a "security necklace", and they can push the button when something happened. This allow staff members to locate residents within the facility.
